Sentinel Established 1880, Vol. XXVII.  
Consolidated 1907.

SEDALIA, MISSOURI, TUESDAY EVENING, APRIL 5, 1910.

VOL. 4, NO. 79. PRICE FIVE CENTS

## HOUCK ARRESTED

PROMINENT REPUBLICAN POLITICIAN WAS APPREHENDED THIS MORNING.

## CHARGED WITH BUYING VOTES

Arrested and Lodged in the City Jail on a Warrant Sworn Out by the Prosecuting Attorney—Is a Party Worker.

W. E. Houck, a republican politician, frequently a delegate from the Third ward to republican city and county conventions, and a member of the defunct Forum club, was arrested by John Jackson, a police officer, at 11 o'clock this morning, on a warrant sworn out by Prosecuting Attorney H. D. Dow, charged with buying votes.

He was committed to the city jail incommunicado. Three charges were filed against Houck, each in each charge being fixed at \$2,000.

Houck is one of the most active republican politicians in Sedalia and ever since coming to the city several years ago has been in evidence at every election, working for the republican ticket.

Houck first sprung into prominence at the republican convention some years ago, which was called to nominate a citizens' ticket in conjunction with the democratic convention.

Houck was a delegate from the Third ward, and it was owing chiefly to his influence and vote that the city ticket was thrown into the air and that the movement for better government in Sedalia was lost.

At the last election Houck was a candidate for the republican nomination for constable. He is a consistent, active, hard-working republican, and it has often been said of him that he will let no opportunity escape to secure votes for his party candidates.

## FACE CHARGE AT CLINTON

J. P. Whitworth Will Be Taken There Tomorrow Morning.

United States Secret Service Officer McHugh, of St. Louis, arrived in Sedalia this morning to take charge of J. P. Whitworth, who was arrested Sunday for attempting to fleece Tom Rowe out of \$9 by raising the figures of a \$1 bill to \$10.

Mr. McHugh is stopping at the Huckins hotel. Tomorrow morning Whitworth will be taken to Clinton by Officers Hugh, Boulton and Robertson, and Henry Blatterman, when he will be arraigned before W. T. Jeffries, United States commissioner for this district.

## CHARGED WITH CRIME

Woman and Four Children Accused of Killing Husband and Father.

Berryville, Ark., April 5.—Mrs. Ella Shafer and her four children are in jail here, charged with the murder of Mrs. Shafer's husband near Blue Springs.

It is charged that one of the boys took Shafer's revolver from under his pillow while he slept and killed him.

The boy said his father threatened to kill the whole family and that he shot him to prevent his doing so.

## THREE NEW HOUSES

Permits Issued for Their Erection by Engineer Leaming.

F. T. Leaming, city engineer, today issued to Sylvain Kahn, of the St. Louis Clothing Co., a permit for the erection of a nine room brick

vener residence, at the southeast corner of Broadway and Grand avenue, at a cost of \$6,000. The residence will be ready for occupancy by Aug. 1.

A permit was also issued to Arthur Kahn, of the same firm, for the erection of the same kind of a house in every particular, at the southeast corner of Broadway and Prospect avenue, at a similar cost.

The latter dwelling will be finished by Aug. 1. H. M. Hammond has the contract for building the two houses.

A permit was issued to John Slevers for the erection of a five-room residence at Twenty-fourth street and Missouri avenue, at a cost of \$1,200. The house will be ready for use by July 1.

A permit was issued to William Kurtz to remodel the house at 1020 South Kentucky avenue by the addition of a summer kitchen at a cost of \$125.

## A HOT ELECTION

THE WARMEST OF YEARS IS BEING WAGED IN SEDALIA TODAY.

## THE VOTE IS VERY LIGHT

Inclement Weather Is Causing Many Voters to Remain at Home—Democrats Seem Confident of Victory—Polls Close at 6:26.

Today, Tuesday April 5, the most disagreeable day of the year, is witnessing in Sedalia the hottest campaign waged in this section of the state for years, the cause being the municipal election for mayor, marshal, etc.

Rain began falling early this morning and continued throughout the day, but it did not prove much of a detriment for hundreds of party workers, who swarmed over the city, from ward to ward, looking after their respective interests.

The vote is exceptionally light in all four wards, due to the inclemency of the weather, and it is predicted by politicians that not more than three-fourths of the usual vote will be cast, if that many.

The democrats seem confident of victory, although no figures can be given out, and on every hand democratic workers and democratic aspirants are hurrying to and fro in the interest of their candidates.

Automobiles, hacks and private conveyances are being utilized by both democratic and republican politicians to convey voters to the polls, in a number of instances invalids being taken to and from their homes.

The polls will close at 6:26 p. m., and it will probably be 7:30 o'clock before the returns are in and before it will be known who is to compose the city's administration for the next two years.

## G. J. FRANKEL RESIGNS

Western Union Telegraph Official Retires From Active Business.

A telegram today to F. E. Gibbons, local manager of the Western Union Telegraph Co., from T. P. Cook, of Chicago, general superintendent, announces the appointment of W. R. Chapman as superintendent of the second district of the western division, with headquarters at St. Louis, vice G. J. Frankel, resigned.

The employees and business interests of the second district will regret to learn of Mr. Frankel's retirement, which is due to poor health and a desire to get away from the arduous duties of the office. Mr. Frankel has large private business interests requiring his time and intends to take it easy until his health is fully restored.

Superintendent Chapman has been manager of the St. Paul, Minn., office of this company, and is a man fully competent to handle the responsible position to which he has been promoted. He will receive the glad hand from patrons of this section.

## John White's Funeral Tomorrow.

The funeral of John White, a former Sedalian, who died at St. Louis last Saturday evening, will be held at the family residence, 308 East Howard street, at 2 o'clock tomorrow afternoon. The Rev. R. C. Miller, pastor of the East Sedalia Baptist church, will officiate. Burial will be in Crown Hill cemetery.

## EDITORIAL

Judge Louis Hoffman and Hon. J. H. Bothwell both asserted in their speeches last Friday night that Sedalia is in a better moral condition than ever before since their residence in the city. Following is the docket of the criminal court which opened Monday and over which Judge Hoffman himself presided.

Read it and note two things that stand out clear and startling.

One, that in this docket are TWO rape cases; the other, that a charge against the notorious Jim Jennings was dismissed.

Here is the docket:

Paroles of the following were continued:

Will Lucas, Sadie Moss, Alonzo Hulen, John Laxson, Thomas W. Harrell and Robert L. Beatt.

The paroles of Robert Quilen and Earl Yankee were terminated.

The state entered a nolle prosequi in the following cases:

John W. Slebe, selling liquor on Sunday.

Lizzie Allen, assault.

JIM JENNINGS, ASSAULT.

Other docket entries were:

Frank J. O'Neill and Joe Kelly, larceny from a dwelling; O'Neill pleaded guilty, but sentence was deferred; Kelly pleaded not guilty.

State vs. C. A. Poindexter, burglary; defendant enters plea of not guilty.

STATE VS. LOUIS RICHARDS, RAPE, DEFENDANT ENTERS PLEA OF GUILTY; SENTENCE DEFERRED.

State vs. Frank Wilson and W. J. Walsh, burglary and grand larceny; Wilson pleaded guilty, and case against Walsh dismissed.

STATE VS. ROY SAVAGE, ASSAULT, SIX YEARS IN REFORM SCHOOL.

SAVAGE WAS ARRESTED, CHARGED WITH RAPE, BUT THE CHARGE WAS CHANGED TO ASSAULT.

State vs. George Fuel, arson, five years in reform school.

State vs. George Fuel, arson, nolle prosequi entered.

DID JUDGE HOFFMAN EVER BEFORE KNOW ANY DOCKET OF THE CRIMINAL COURT IN FETTERED COUNTY TO CONTAIN TWO CASES OF RAPE?

IN THE FACE OF THIS WILL JUDGE HOFFMAN DARE TO AFFIRM THAT SEDALIA DOESN'T NEED A CHANGE?

LET'S MAKE SEDALIA CLEAN.

## HAPPY STREET CAR MEN

Springfield Traction Company Voluntarily Increases Wages.

Springfield, Mo., April 5.—Street car conductors and motormen in Springfield are a happy lot of men these days, as the Traction company has voluntarily increased their wages. Superintendent F. A. Gallagher says that the increase was made, not on account of the fact that it was justified by an increase in business, but because the cost of living has increased so much that the officials of the company felt that the men needed more money for their services. The new scale provides for an increase of a cent an hour in all classes so that none of the men get less than 17½ cents an hour and from this up to 21 cents.

## Musical Club, Important Meeting.

The Ladies' Musical club will hold an important meeting tomorrow morning at the Elks club rooms at 9:30 o'clock. There will be chorus practice, after which business of moment will be transacted. Every member is earnestly requested to be present.

## Across Continent to Debate.

Los Angeles, Cal., April 5.—After one of the longest trips ever made by a college debating team, the orators of Cornell university, Ithaca, N. Y., will meet the champion wind-jammers

of the University of Southern California this evening. The commission system of municipal government is the subject under discussion. The Cornell men will have all expenses paid, two-thirds of the sum having been guaranteed by the local university and one-third by the Cornell Alumni of Southern California.

## LYNCHING IN TEXAS

Frank Bates and Son Led Jail Delivery—Father Was Hung.

Houston, Texas, April 5.—Following a sensational escape from jail, Frank Bates was lynched by hanging in the jail at Centerville last night.

Dolly Bates, his son, was also strung up, but was cut down before life was extinct.

The two Bates were ring leaders in the jail delivery, in which they were both wounded, as was Jailer St. John. All the jail breakers have been recaptured.

## No Meeting of "Medics."

The bi-monthly meeting of the Pettis County Medical society, which was to have been held last night, was cancelled, owing to the inclement weather.

## Balloted on Two Applications.

Two application cards were balloted upon and two other cards were presented at Monday night's meeting of Neapolis lodge No. 153, I. O. O. F.

## AN OLD SCANDAL

WILL BE REVIVED DURING COURT TERM IN NEW YORK THIS WEEK.

## CHARLES F. W. NEELY TO TRIAL

Is Accused of Embezzling Cuban Postal Funds More Than Ten Years Ago—Has Been Convicted Once—Strange Delay.

New York, Sept. 5.—An old scandal connected with the American occupation of Cuba will be revived during the criminal term of the United States circuit court, which began here Monday. Charles F. W. Neely, a United States government employee, who ten years ago was arrested for embezzling government funds when attached to the postoffice department in Cuba, will probably be called upon to face trial at this time.

The action that led to this probable termination of a case that has slumbered until it has become one of the government scandals is due to a decision reached recently by Judge Cox in denying a motion to vacate an attachment against the \$20,000 cash bail deposited by Neely when arrested.

Chief of Detectives Hayden, of Rochester, N. Y., (now retired) arrested Neely on May 6, 1900, when Neely accepted from a messenger boy a telegram written by Hayden and addressed to Neely. When arrested Neely said he was innocent of any crime, and pointed out to Hayden that if guilty he felt he would be clever enough not to fall for so simple a ruse. Neely said he expected a brother from Munich, Ill., his home, to telegraph him. Neely was extradited, taken to Cuba, where, tried and convicted, he was sentenced to ten years' imprisonment. He was saved from prison by the amnesty act.

Neely refused he said, to be the scapegoat for big republican bosses of ten years ago, and it has been noticed from year to year his trial here never has been called. The death of special counsel for the government was given as one reason for delay. In May, following his arrest, Judge Lacombe issued an attachment against the \$20,000 bail which Neely deposited with United States Commissioner Shields. This was the result of a civil action tried in 1904, resulting in a disagreement of the jury.

With practically all the big corporations involved transferred to the regular list, the unlisted department of the New York Stock Exchange was discontinued this week. Corporations which have not complied with the publicity provisions necessary to admission to the exchange will have to take their securities to the curb market.

Among the concerns transferred from the unlisted to the regular department were Amalgamated Copper, Anaconda, National Biscuit Co., the Railway Steel Spring Co., the International Power Co., the Hocking Valley Railroad, the Kanawha and Michigan, the Atlanta and Charlotte (a subsidiary of the Southern railway) and American Linseed Oil. A few unactive stocks in the unlisted department were dropped from the books of the stock exchange.

The discontinuance of the unlisted department is in accordance with one of the important recommendations by Governor Hughes' Wall street investigation committee in its report, and is in line with the demand for greater publicity on the part of corporations.

It has been the greatest expectation in financial circles that this move would be made. As long ago as June, 1908, several of the leading men of the exchange urged it. Since then American Smelting and Refining, common and preferred; American Sugar, common and preferred; American Snuff, American Beet Sugar, Butterick Co., National Lead, "Soo" common and preferred; Duluth, South Shore and Atlantic, Vulcan Detinning, Republic Iron and Steel and American Locomotive stocks have been transferred to the regular list.

The unlisted department of the New York Stock Exchange was created about 1881, but did not become much of a factor until 1889, when the newly organized American Sugar Refining Co. made application to place its securities on the list. By the middle of that year the unlisted department became the center of much speculation, there being heavy trading

in the Sugar stocks, National Lead certificates, American Cotton Oil trust certificates and American Distillers' and Cattle Feeders' certificates.

Silver certificates, which were admitted to the unlisted department in 1890, became the center of the wildest speculation on the exchange, owing to the passage of the silver purchase law, the price going up from 97½ on January 31, 1890, to 121 on Aug. 19 of that year, the change representing the value in silver in cents an ounce.

The unlisted department has been more or less of a stigma on the exchange ever since it was created. It was at first utilized largely by promoters and speculators, whose abuses at last reached such proportions that in 1895 the governing committee was obliged to take measures to prevent them. They continued, however, to admit stocks to the list with an absolute minimum requirement as regards publicity of earnings and other questions regarding their financial condition.

## WAS NO RECEPTION

ON ACCOUNT OF STATEMENT ISSUED YESTERDAY A ROOSEVELT FUNCTION OFF.

## YESTERDAY WAS STRENUOUS DAY

Teddy and His Entire Family Were Dined by the King and Queen of Italy—Is Greeted Everywhere With Enthusiasm.

Rome, April 5.—The reception to Col. Roosevelt planned by the American colony has been called off, as the result of the anti-Vatican statement issued yesterday by Rev. Mr. Tiple, of the American Methodist church in Rome. King Emmanuel called on Mr. Roosevelt at the latter's hotel this morning and spent some time in an animated conversation.

Mr. Roosevelt had a strenuous day yesterday. After his meeting with the king he visited the Pantheon, where he was the object of a popular demonstration. He lunched with Ambassador Leishman and received the Italian journalists in the afternoon.

The former president of his party arrived at the entrance of the Quirinal palace at 8 p. m., where the door of his carriage was opened by the imposing figure of the royal doorkeeper, magnificent in scarlet livery with sword and baton and cocked hat, seemingly right out of the Middle Ages.

At the foot of the grand staircase, Count Tozzoni and Duke Cito, masters of ceremonies, and Count Guicciardini, gentlemen in waiting to Queen Helena and a relative of the minister of foreign affairs, met the party and escorted them up the steps, which were decorated with palms and flowering shrubs.

In the great hall of the Swigs they were received by Count Gianotti, prefect of the palace, whose wife was Miss Kinney, of New York, and by Countess Guicciardini, lady in waiting to the queen, who took them through the great ball room into a reception room hung with priceless tapestries, where they were greeted by the sovereigns, surrounded by their military and civil households.

After a short conversation all the guests, including the American ambassador and Mrs. Leishman and the staff of the embassy, adjourned to the private dining room of the king, a spacious hall hung with modern tapestry and decorated with immense plants and flowers. The dinner was enlivened by the military band in the gardens below.

The Vatican incident, which has aroused considerable bitter comment in the newspapers, has made Mr. Roosevelt the subject of intense popular interest, and a crowd is constantly before the hotel where he is staying awaiting a chance to get a glimpse of him.

A number of Italian journalists called on Col. Roosevelt, but he declined to discuss the Vatican incident. During the course of his conversation he spoke of the great change in Rome since he was here on his honeymoon.

## Six Children at Nursery.

The Melita Day Nursery is proving a notable success. Up to date the institution has six children in its care, all of them being day visitors at the nursery.

## END OF A CAREER

SENATOR OF NEW YORK RESIGNS HIS PLACE WITH A PATHETIC SPEECH.

## THE USEFULNESS IS AT AN END

Unmasked His Party Leader and Forced His Retirement From Office, Then Found Himself Ostracized.

Albany, N. Y., April 5.—Rising to a question of personal privilege in the senate last night, Senator Conger, after reading a statement in which he declared he fully realized that as a result of the Allds bribery charge his usefulness as a legislator was at an end, handed his resignation to Lieutenant Governor White, a duplicate of which he later filed with the secretary of state.

With ashen face and trembling hand he read, while his fellow senators listened with intense interest, and when he had finished he sent his resignation to the desk and quickly left the chamber.

Mr. Conger read how at a private conference, where the qualifications of Allds for the position of republican leader of the senate were being considered, he was asked to declare his position, and "I replied that I would not and could not vote for him."

Conger then related how, later, Allds on the floor of the senate denied the truth of Conger's statements and demanded an investigation.

"So," he added, "the alternative was presented to me of becoming a liar and thereby remaining a member of this body in good standing, or of speaking the truth and thereby materially injuring myself financially, politically and socially and bringing upon my family undesirable notoriety and sorrow. I determined that the only thing I could do and retain my own self-respect was to speak the truth, whatever the cost. That I have done, and forty of your number, by your votes, have certified thereto."

"I do not seek to excuse, nor do I ask you or others to excuse, the part which I took in the transaction of 1901, which you have under investigation. The one great and sorrowful regret of my brother was that he had submitted to the demands of the worst gang of plunderers that ever infested this or any other capital. My wrong, and for it I have always been ashamed and sincerely sorry, was in standing by and permitting the thing to be done instead of then and there denouncing it."

"I am informed," he continued, "that some of your number profess to feel that they can not remain in the senate if I am to be here."

"I have no desire to remain a member of this great legislative body if my presence is to give offense to any of its members. I realize, and from the beginning have fully realized, that with the feeling here as it is, my usefulness to my district as a member of this legislature is at an end. I can not afford the expense of a further hearing and another trial, and I feel that I ought not to impose the expense thereof on the state. Needed legislation ought not to be longer delayed, and I am going to voluntarily surrender my office."

Senator Cobb's resolution providing for the appointment of a committee to prefer charges against Conger is killed by his resignation.

## THE CITY COUNCIL

Regular Session Was Held Last Night With Full Attendance.

The bi-monthly meeting of the city council was held last night, with all aldermen present. Mayor Babcock rapped for order at 8:12 o'clock.

A low sidewalk in front of the M. E. church on East Sixth street was referred to the committee.

Joseph Menefee, on motion of Mr. Baker, was awarded the contract for curbing Dal-Whi-Mo court, at a cost of 32½ cents per lineal foot.

H. W. Graham was awarded the contract for paving Dal-Whi-Mo court, at a cost of \$1.64 per square foot.

A petition from the Midland Bridge Co., asking that it be relieved of its obligation to pave West Third street, owing to the remonstrance and injunction against the work, was read and filed.

After allowing all properly audited bills, council took a recess until next Monday night.

**The Weather Forecast.**  
Partly cloudy and colder tonight;  
light frost west portion; Wednesday  
fair, with warmer west portion.

**A THOUGHT FOR TODAY.**  
Evil habits soil a fine dress more  
than mud; good manners, by their  
deeds, easily set off the lowly garb.—  
Plautus.

**AT ANY RATE, THEY LIVE.**

A good deal of good, bad and in-  
different testimony is in process of  
delivery to the Lodge committee in-  
vestigating high prices, to be gathered  
and printed in the dropsical vol-  
umes that nobody will read.

Quite a voluble grocer in Washing-  
ton, who has been long in the busi-  
ness, nicely estimates that a family  
of five persons needs on an average  
\$80 a month for meat and other nec-  
essaries of living. Ice and milk, he  
says, are not reckoned. This is in-  
tended to prove that the talk of the  
dearness of commodities is much ex-  
aggerated.

It may be presumed that the cloth-  
ing of the family also is not taken  
into account, with other things that  
are regarded, in this country at least,  
as strictly necessities of living. But  
the estimate of this Washington gro-  
cer as it stands demonstrates plainly  
enough how dear the cost of living  
has become.

The problem is how American  
working men earning on an average  
\$2 or \$2.50 a day can meet this ex-  
penditure and pay rent and car fare,  
indulge now and then in a glass of  
beer, and go occasionally on a sym-  
pathetic strike.

The fact, however, is that they do  
somehow or other continue to make  
the two ends meet. But this can be  
accomplished only by falling to a low-  
er and lower range of living and by  
the display on the part of multitudes  
of good American housewives of a  
financial genius almost as great as  
Morgan in organizing combinations  
of corporations and trusts.

**THEY MUST PAY.**

When the corporation tax of 1 per  
cent was imposed by congress, the  
great ocean-going transportation com-  
panies gave it no attention, on the  
ground that it could not apply to them.

But Attorney General Wickersham,  
the great legal luminary whom Presi-  
dent Taft discovered when they were  
boys together at college, has brought  
these ship companies up with a round  
turn. To their plea that the largest  
and most profitable part of their busi-  
ness is in the exportation of com-  
modities from the United States, and  
that the constitution forbids a tax  
levy on exports, he answers that no  
discrimination can be made in their  
behalf in this respect. They must  
pay the tax on their profits, no mat-  
ter whether a portion of their profits  
be derived from exports or not.

With fine chologie he says if  
there were no United States there  
would be no export or import trade,  
and consequently no profits, as their  
business could not be done on mid-  
ocean. Ergo, they must pay 1 per  
cent of their entire profits into the  
federal treasury.

Luther Burbank, the plant wizard,  
is trying to cheer meat boycotters  
with the assertion that the spineless  
cactus may, in the course of time,  
take the place of meat on the table.  
But the meat eater of the present  
will, without discrediting the Bur-  
bank production, feel satisfied to let  
the spineless cactus solve the meat  
problem of the far future.

A Jersey justice once sapiently said  
that a boy wasn't worth, in money,  
more than \$1. Judge Wheeler, of  
Bridgeport, has just refused to ac-  
cept a verdict of \$300 damages for a  
boy's death as insufficient. The law  
is always interesting, but its adminis-  
tration is not always consistent.

Talk about Fido jumping through a  
hoop or playing dead! His training  
isn't a mark to the way Joe Cannon  
has his republican editors trained.  
They will sit on their hind legs and  
howl in chorus or fight for a chance  
to eat out of his hand.

Fifteen girls in a Massachusetts  
feminine college are living on \$2 a  
week to secure their education. En-  
ergy and determination like this,  
with such a capacity for self-sacrifice,  
are what this age of enervation and  
self-ease needs.

It is reported that there are 36,000-  
000 eggs in a single cold storage plant  
in New Jersey. Now we know what  
becomes of the eggs, but the old  
question, "What becomes of the  
pins?" remains unanswered.

**"THE DOCTOR"**

Subject of a Poem by Mrs. H. A. Pratt  
in Medical Journal.

Mrs. H. A. Pratt has the following  
poem in the April issue of the Medi-  
cal Journal, published at Philadelphia,  
Pa.:

Who midnight oil and money burns,  
While knowledge, lore, and skill he  
learns,  
Works, waits, and watches for re-  
turns?

The doctor.  
Who is of greed and graft accused,  
Whose instructions oft misused,  
By ingrate patient then abused?  
The doctor.

Who works, and worries, and waits on  
charity,  
Of all the virtues the Christian rarity,  
And symptoms watch in shrewdest  
clarity?

The doctor.  
Who visits rooms unkempt and drear,  
Is greeted oft with whine and sneer,  
Yet ever has a word of cheer?  
The doctor.

Who ventures forth on stormy night,  
To quell some frenzied patient's  
fright,  
Nor leaves till he's restored quite?  
The doctor.

In whose anatomical lore  
Is the "family skeleton" o'er and o'er,  
Yet ne'er betrays for gold or power?  
The doctor.

Of whom is 't over and over said,  
"Tis guesswork fills the M. D.'s  
head?"

Then, "The doctor, quick, or I am  
dead?"

The doctor.  
Who sweetly says to new-made  
mother,  
(Tact and gallantry losing never),  
"This baby is the finest ever?"

The doctor.  
Who waits his patient's long delay,  
Then sends his bill some needful day,  
And is stood off till judgment day?  
The doctor.

Who, when in fraternal meet,  
Is jovial, witty, modest, neat,  
Whom millennium fads can ne'er de-  
feat?

The doctor.

**L'ENVOI.**

When at last at the pearly gate,  
A motley throng of sinners wait,  
And deadbeats clamor a place to win,  
Who'll hear, "Faithful servant, enter  
in?"

The doctor.

**Cataract Cannot be Cured**  
with LOCAL APPLICATIONS, as they cannot  
reach the seat of the disease. Cataract is a blood  
or constitutional disease, and in order to cure  
it you must take internal remedies. Hall's  
Cataract Cure is taken internally and acts  
directly on the blood and mucous surfaces.  
Hall's Cataract Cure is not a quick medicine.  
It was prescribed by one of the best physicians  
in this country for years, and is a regular pre-  
scription. It is composed of the best tonics  
known, combined with the best blood purifiers,  
acting directly on the mucous surfaces. The  
perfect combination of the two ingredients is  
what produces such wonderful results in curing  
cataract. Send for testimonials, free.

**THE GROCER**

Club Women in Slander Suit.

Providence, R. I., April 5.—A suit  
which has set the city against sister  
and divided the club women of the  
entire state into hostile camps is set  
for trial today in the superior court.  
Mrs. Katherine Anne Hayden, of  
Providence, accuses Mrs. Gertrude S.  
Hasbrouck, of Coventry, of slander;  
and asks \$5,000 as balm for her  
wounded feelings. Both litigants are  
prominent in Rhode Island club af-  
fairs.

**YOU'LL find it worth  
while, when you do any  
painting or have it done  
for you, to ask your painter  
to tell you how many gallons  
you will need for the job.**

Then order Devco Lead-  
and-Zinc Paint; as many gal-  
lons as he says. Arrange with  
the dealer to take back what  
isn't used.

You'll take back from a quarter  
to a half the quantity you order,  
as a rule; a direct saving of  
money to you. It has been proved  
many times. Order Devco.

**ARLINGTON PHARMACY, Agent.**

**Cuban Congress Resumes Sessions.**

Havana, April 5.—Congress resumed  
its session yesterday, after an ad-  
journment which has extended since  
February 25.

The cleverest imitation of real Coffee  
ever yet made is Dr. Shoop's Health  
Coffee. It is fine in flavor—and is  
made in just one minute. No tedious  
20 or 30 minutes boiling. Made  
from pure parched grains, malt, nuts,  
etc. Sample free. Sold by J. R.  
Williams.

Let us make that last year's suit  
look like new.—Owl Tailoring Co.,  
116 W. Third. Bell phone 361.

Knopf's ice cream delivered any  
part of the city. Home phone 431.

**People's Pulpit---**

**Sermon by  
CHARLES T  
RUSSELL,  
Pastor Brooklyn  
Tabernacle.**

Brooklyn, N. Y., April 5.—Pastor  
Charles T. Russell preached twice to  
very large audiences. One of his dis-  
courses was entitled, "The Overthrow  
of Satan's Empire." The other, which  
we report, was on the necessity for  
the Millennium from the text above  
quoted. Pastor Russell said:

Respecting two matters there can  
be no question:

(1) That the early church thorow-  
ly believed in a Millennial Kingdom,  
hoped for it, prayed for it—"Thy  
Kingdom come; thy will be done on  
earth as it is done in heaven."

(2) It is equally certain that today  
the doctrine of the Millennium is ta-  
boooed as "out of date"—out of har-  
mony with the views of the higher  
critics and evolutionists, who are  
filling practically all the chairs in our  
colleges and the majority of the pul-  
pits of Christendom.

What has led to this radical change  
on the part of the religious wise men  
of all denominations? Have they tak-  
en a step in advance or are they de-  
parting from the path—from the  
teachings of the inspired Word of  
God? That they have left the Word  
of God, that they make light of it,  
that they profess far more wisdom  
and ability than the writers of the Bi-  
ble and a higher intellectual inspira-  
tion than they, is indisputable. The  
question for us is, Will Christians in  
considerable numbers follow these  
leaders away from God, away from all  
Divine revelation? Will we put our  
trust in literary princes who claim  
the right to instruct the world, not by  
Divine appointment or authority, but  
by virtue of their large amount of self  
esteem?

The present day concept of the  
Church of Christ is that God planted  
it amongst men as leaven in a batch  
of dough with the intent that it should  
propagate itself until the entire mass  
would be leavened. But the Bible  
apostolic concept of the Church's  
message is the very reverse of this—  
that it is planted in the world, not  
with a view to converting the world,  
but on the contrary to keep itself sepa-  
rate from the world and to draw to  
itself "As many as the Lord our God  
shall call" of the pure in heart—to  
sacrifice earthly interests for Divine  
interests, unto death, and later, by  
the First Resurrection, to enter into  
the heavenly glory of the Redeemer  
as his "Bride," his "Wife," his "Joint  
Heir" in the Kingdom glory and the  
Kingdom work. And the work of  
that Kingdom is set forth to be the  
"blessing of all the families of the  
earth."

The two views are so radically op-  
posite that none should confuse them  
in their minds. If one is right, the  
other is wrong. If one is Scriptural,  
the other is unscriptural. In the  
above item Dr. Brown admits that the  
Scriptural view entertained by the  
early church contemplated the Church  
in suffering and in a temporary or  
tabernacle condition in the present  
life and promised a share with Christ

**Your Silent Partner**

is your savings account and

**The Necessity For the  
Millennium**

Text:—"Times of refreshing shall  
come from the presence of the  
Lord; and he shall send Jesus  
Christ, who before was preached  
unto you, whom the heavens must  
retain until the times of restitu-  
tion of all things which God hath  
spoken by the mouth of all his  
holy prophets since the world be-  
gan."

in his reign in power and great glory,  
as God's Kingdom during the Millen-  
nium. The safe, the proper, the right  
course is to go back and take up  
afresh the doctrine of the Millennium  
—the doctrine that the faithful of the  
Church now being tried and tested  
will constitute the glorious Kingdom  
of God's dear Son after their change  
from earthly to spirit conditions in  
the "First Resurrection" (1 Corinthi-  
ans xv, 42-44).

**The Laymen's Movement.**

God bless the Christian Endeavor  
and Epworth League and Students'  
Missionary League and the Laymen's  
Movement, all intent on "Storming  
the world for Jesus." We bear them  
witness that they have a zeal for God  
which we greatly admire and would  
encourage. But their zeal is "not ac-  
cording to knowledge," and is there-  
fore considerably misdirected. To any  
one of logical mind, who will reason  
from statistics, the thought of con-  
verting the world by singing a few  
rousing hymns or holding a few en-  
thusiastic meetings for the collection  
of money! money!! money!!! would  
be childish. We do not despise child-  
ishness. We have all had our share.

But we all should say with the Apo-  
stle, "When I was a child, I spake as  
a child and understood as a child;  
but when I became a man I put away  
childish things" (1 Corinthians xiii,  
11). "Christian people have been  
fooling themselves long enough!" Yes,  
it is as absolutely irrational to think  
of converting the world, as it is un-  
scriptural to believe that God ever  
gave us that impossible commission.  
The United States census reports  
show that there are twice as many  
heathen today as there were a cen-  
tury ago. The word heathen carries  
to many a very wrong impression.  
Many noble-hearted Christians have  
gone as missionaries to the heathen  
wholly unprepared for what they met  
—intelligent reasoning ability, etc.  
They found that the heathen were  
full of questions, logical questions,  
too, which they as Christians had  
never thought of, and when they  
were wholly unprepared to answer.

Comparatively few of the missionar-  
ies are able to hold their own in ar-  
gument with intelligent people in In-  
dia, China and Japan. There is no  
danger of their converting these peo-  
ple. There is more danger of their  
losing their own faith in the Bible,  
because of their misapprehension of  
some of its teachings—respecting the  
mission of the Church, the hope of  
the Church and the hope of the  
world!

Missionaries are thus handicapped!  
Full of commendable zeal they leave  
our shores to tell the heathen that  
their forefathers have gone to eternal  
torment and that they are going  
there, too, unless they accept Christ.  
It is a rude awakening to be asked  
where hell is, and why God should  
have condemned them and their fore-  
fathers to such a horrible eternity?  
And how this could be true and yet  
He be a God of pity, compassion and  
love? The heathen ask, why the dif-  
ferent denominations, the different  
theories of the terms of salvation—  
by water, by election, by free grace,  
by joining the church, etc. The mis-  
sionary, wholly unable to answer the  
adult native, gathers children about  
him, starts a school and does all he  
is able perhaps to justify his presence  
in a foreign land, helping the sick  
and doing many other acts of kindness,  
which are very commendable, whe-  
ther from a religious or humanitarian  
standpoint.

Preach the Gospel to All Nations.  
Our Lord's instruction was that  
his people should preach the Gospel  
in all the world for a witness—not  
to convert all the world, but for a  
"witness" to all the world. The mis-  
sion of the Gospel is to select the  
kingdom class, a "little flock." The  
first opportunity to become members  
of this royal priesthood was offered  
to the Jews, and, after the gathering  
of a remnant from them, and after  
their national rejection, the message  
was to go to the whole world, irrespec-  
tive of national lines, boundaries  
or language—anybody, everybody  
having the "hearing ear," was to be  
instructed respecting Christ and the  
opportunity to become His disciples  
by a full consecration of mind and  
body, time and talent, even unto  
death. There were to be promised the  
reward of a share in the first resur-  
rection, to be members of the royal  
priesthood which, during the Millen-  
nial Kingdom of Messiah, will bless  
all the remaining families of man-  
kind, all the non-elect.  
We are not complaining about the

**Pumps**

AND

**Ties**

for the  
Children

See Them at

**WM. COURTNEYS.**

failure to convert the heathen. We  
are not faulting the missionaries. We  
are taking the Bible stand that all of  
God's purposes are being accomplish-  
ed; that God's Word is accomplishing  
that "whereunto it was sent" (Isaiah  
iv, 11); that it was not sent to con-  
vert the world, but to gather an elect  
sample or first fruits from all nations  
(Rev. xiv, 4). Let civilizing influences  
continue in heathendom as well as in  
christendom, but let all christians,  
missionaries and others know assur-  
edly that their labor is not in vain if  
they are seeking for the Lord's jew-  
els to the best of their ability. I am  
in touch continually with laborers in  
India and Africa and well know that  
the pure Gospel of Christ is not great-  
ly affecting their teeming millions,  
but the Gospel of the kingdom is  
seeking out, blessing, sanctifying,  
happily, encouraging some, here  
and there; some who have ears of  
faith to hear, eyes of faith to see, and  
obedient hearts to obey the "call" to  
suffer with Christ and by and by to  
reign with Him or the effectual bless-  
ing of all the families of the earth by  
uplifting the willing out of their pres-

ent conditions of sin and degradation  
and death.

The Millennium a Necessity.  
We have shown the value and nec-  
essity for the doctrine of the Millen-  
nium, that all christians who would  
hold fast to their Bibles as a faith-

man's town will be gone. Until last year, Grangeville was the largest town in the United States without a railroad, and it was also one of the "widest open." The railroad brought morality and sobriety in its wake and many of the saloons quit business. The local option law, effective tonight, puts the last of the saloons, which have been a mark of the place ever since it first came into existence, out of commission. With the passing of the old regime goes much of the picturesqueness that in the past marked the town as one apart from the other communities of North Idaho.

Mrs. Mana Maclean, corsetaire, from the H. W. Gossard Corset Co., of Chicago, will be in the city a short time and will give professional fittings of this "Front Lace" corset, by appointment, at 609 West Broadway, or private residences. Call Bell phone 475.

## TAME IN CHICAGO

NOT MUCH EXCITEMENT IN THE WINDY CITY'S CONTEST TODAY.

### WET AND DRY QUESTION NOT UP

The Drys Failed to Get the Liquor Proposition Before the Voters in Exact Legal Form and Had to Quit the Race.

Chicago, April 5.—With the "wet" and "dry" issue, which had convulsed Chicago during the early part of the campaign, dropped from the ballot, the interest in today's aldermanic election has greatly subsided. Now that the fate of the saloons is not to be decided today, the voters have suffered a revulsion of feeling, and the political frenzy which had promised to make today's vote a record breaker has relaxed into the mildest sort of interest. The anti-saloon forces say that their failure to get the issue before the people today is not to be taken as final, but that the campaign will be kept up until the people have a chance to register their opinion on the liquor question.

The registration lists show 533,388 persons on the rolls who are entitled to vote in today's election. It is certain that the vote cast will fall far short of this stupendous figure, which was due in large part to the interest in the local option struggle.

The registration figures establish a new high water figure for Chicago, exceeding the highest previous registration of 1908 by nearly 25,000 names. The registration after revision in 1908, presidential year, was 499,431.

The increase in the eligible voting strength of Chicago in two years by so large a figure as 25,000 gives some indication of the big growth in the city's population. While a portion of this new registration is due to the "wet" and "dry" fight, the figures are taken as a fairly accurate criterion of the rapid growth of Chicago.

The failure of the "drys" to get the liquor question on the ballot today only followed a campaign in which a majority of the men, women and children of the city had participated, and in which thousands of dollars had been spent. The liquor interests spent vast sums in fighting the local optionists, the campaign including the use of large space in all the newspapers of the city. It was asserted that if Chicago became "dry" the city would be bankrupted, the annual loss in saloon taxes alone being estimated at eight millions.

The withdrawal of the liquor issue from the campaign followed the filing of a complaint by the "wets" asserting that out of the 74,000 names on the "dry" petition 26,128 were those of non-voters. The commissioners sustained this charge.

Your tongue is coated. Your breath is foul. Headaches come and go. These symptoms show that your stomach is the trouble. To remove the cause is the first thing, and Chamberlain's Stomach and Liver Tablets will do that. Easy to take and most effective. Sold by all dealers.

### FAMOUS MERGER CASE

Combination of the Union and Southern Pacific Be Decided By Court.

Washington, April 5.—With the conclusion today of the taking of testimony in rebuttal by the government the suit under the Sherman anti-trust act to dissolve the Harriman merger of the Union Pacific and the Southern Pacific will go to the circuit court of appeals, which decided the Standard Oil case.

Judge Lovett and the Harriman attorneys contended that the combination of the Union Pacific and Southern Pacific systems was not in restraint of trade and that these lines did not compete within the purview of the Sherman anti-trust law. According to them the Union Pacific railroad obtained control of the Southern Pacific only because it had to purchase the majority interest of the Central Pacific to secure an outfit at San Francisco. Before the acquisition of the controlling interest in the Central Pacific and Southern Pacific the Union Pacific practically ended at Ogden, Utah. It had an outlet at Portland, Ore., through the Oregon Short Line, but to reach the Pacific at San Francisco it felt compelled to buy the Central Pacific, which necessitated the purchase of the Southern Pacific.

The attorney general did not agree with the contention of Judge Lovett that the Union Pacific and Southern Pacific systems are not parallel lines within the meaning of the Sherman

## IT'S A MERRY GAME

CHICAGO SUBURBAN CITIES ARE ENGAGED IN GOBBLING UP EACH OTHER JUST NOW.

### ANDREW CARNEGIE IN WINDY CITY

War is Being Made on the Extortionate Charges of Undertakers—Loot of Land Grabbers Will Run Into Millions.

Chicago, April 5.—The kidnaping of cities at Chicago's side door, in which Gary, East Chicago, Indiana Harbor, Hammond and Whiting have been merrily engaged under the new Indiana statute, promises some historic developments before the end is reached. Gary, by action of its municipal authorities which took less than five minutes, increased its population from 20,000 to 80,000, if the annexation it proposed be agreed to by the people in the annexed cities. This followed close on the heels of the annexation ordinance passed by East Chicago which, officially at least, gobbled up Hammond and Whiting. It was only necessary, therefore, for Gary to gobble East Chicago to acquire the gobbled cities, but it is a likely question whether this annexation will get any further. In East Chicago the council laws required a two-days' notice for a special meeting. Gary's effort was to annex first. Its council, learning that East Chicago's final action was due in a few hours, convened immediately, and presto! the annexation ordinance formally gathered in East Chicago. Hammond and Whiting, was introduced, passed and signed by the mayor. The mayors of Hammond and Whiting declared that the interests of their communities and Gary were widely divergent and that they would fight annexation in the courts. Gary was spurred to action by the determination of East Chicago to include Gary in the swallowing process which was proposed, and if Gary had not kidnaped East Chicago first, East Chicago would have kidnaped Gary.

saved if the small undertaker and his profits could be relegated to the past. Sentiment, however, does and probably will continue the methods which have been in vogue since time immemorial, regardless of the profits exacted and of the hardship in some cases which the exactions cause. The "coffin trust" which sells to the small undertakers has been a potent factor in maintaining the time honored system.

The vocation of refrigerated engineering has suddenly loomed up large as a result of a recent convention of ice dealers at which Victor H. Becker declared that the United States had failed miserably to care for the rapidly increasing needs in the refrigerating field. He added that large numbers of young men must now go to Germany to study the latest methods in refrigeration. The ice men are out about this. "The number of trained, well educated men in this work does not come near to meeting the need for them," Mr. Becker declared. "Refrigerated engineering has as widespread importance today as electrical engineering—a fact rather surprising to the public. We should see that it is put on a recognized basis. As yet young men have not had this profession held out to them by the American universities." J. F. Nickerson, secretary of the American Association of Refrigeration, declared that the United States is in deplorable ignorance concerning refrigeration, the cold storage business having grown so rapidly that the public has not kept up. He pointed out the prejudice and misunderstanding which have prompted much municipal and state legislation, particularly in the eastern cities.

The loot of land grabbers in Chicago by the systematic "squatting" by big corporations in streets and on land which the city authorities failed to guard, promises to run into several millions. No means has yet been discovered by the council public lands committee to dispossess the offending corporations or secure any compensation to the city for the land they have quietly grabbed. According to the report of the committee, the land grabbing that will be so costly includes that by the Chicago, Milwaukee & St. Paul railway of property in the northwest part of the city worth \$750,000, and also in several streets of the city property worth \$450,000 more. The report includes the Atchison, Topeka and Santa Fe railway, the Pittsburg, Fort Wayne and Chicago railway and the Gas Trust of Chicago, each of which is credited with securing property worth \$100,000 or more. The committee's report held out little hope. It stated: "Corporations and individuals have taken the streets and alleys and made valuable improvements upon the same and without any interference from any of the city authorities. Where the matter has been contested in the courts the supreme court has decided in favor of the corporations and the noninterference in the possession of the property for a number of years, and owing to the fact that the city stood idly by, it was stopped from reclaiming the property. We also find that this is continuing daily. This is due to the fact that there has been no department in the city responsible for this particular branch of executive work."

For better handling of Chicago's down town crush of pedestrians, autos, wagons and street cars, in the loop district, the most congested area in the world, a study is to be made by Capt. Charles Healy, in charge of the Mounted Police squadron, of traffic conditions and regulations in all the principal cities of Europe. He has been given a roving commission by the Chicago Association of Commerce for as long a time as Captain Healy thinks necessary. He will visit twelve countries and about twenty cities. Captain Healy has had charge of the mounted squad since it was organized in December, 1906, and is responsible to a great degree for the efficiency developed by the men in handling the crowds in the down town part of Chicago. Traffic in "The Loop"—a district three-quarters of a mile square has increased, according to Capt. Healy, 25 per cent in three years. Every day his squad, which started with 16 men and now numbers 77, faces the problem of keeping "things moving" in this small area into which half a million people come every morning and from which the same number go each evening. In addition to the 500,000 individuals who utilize the "loop" each twenty-four hours, are 3,500 street cars and 75,000 other vehicles in the same time. By actual count recently it was found that 75,000 vehicles pass in and out of the loop district in 12 hours; this average was maintained for ten consecutive days. Over the Rush street bridge, connecting the south and the north sides, 5,400 vehicles pass in 12 hours. Each horse of the mounted squad averages 21 miles per day. The men are divided into two squads, half working from 7 a. m. to

## AMUSEMENTS

### "The Yankee Doodle Boy."

One day Mr. Tired Playgoer, an estimable gentleman, suffering from a seemingly incurable disease, as a last hope, called at the offices of Powell & Cohan, specialists in amusement ailments. After a careful diagnosis of his complaint, the learned doctors discovered he was suffering from a complication of diseases—Trampshowitis, Wildwestonia and Villianstillpursuedhedism, any one of which is considered fatal. He was given three acts of their new discovery, which is composed of the following:

4 oz. of Comedy  
3 oz. of Music and Song

1 dram of Pathos.  
After taking one dose Mr. Tired Playgoer was greatly relieved and in a short time a complete cure was effected.

The above famous prescription, under the attractive title of "The Yankee Doodle Boy," will be dispensed to local amusement lovers at Wood's opera house Wednesday, April 6.

## THE LODGES

**Masonic Notice.**  
St. Omer commandery No. 11, Knights Templar, will meet in regular convocation Tuesday evening, April 5, at 7:30. Important business. All Sir Knights are requested to be present. Visiting Sir Knights fraternally invited.

E. E. CODDING, E. C.  
J. W. MALLERY, Recorder.

**W. O. W. Notice.**  
Sedalia camp No. 16, Woodmen of the World will meet tomorrow (Wednesday) night in regular session in Odd Fellows' hall, 508 Ohio street. Members are urged to attend. Visitors cordially welcome.  
T. J. ROBB, Consul Commander.  
E. M. SHIELDS, Clerk.

**TRY KNOPF'S BREAD. ASK YOUR GROCER.**

**BROADWAY BARGAIN**  
8 Room House, West of Ohio St. Must be sold at once. See **LONGAN & DONOHUE**, Pohnie 6. 309 Ohio St

Chapter House Soon.

West Plains, Mo., April 5.—Several committees are working in the city

soliciting contributions with which to purchase a lot to be occupied by a chapter house which is to be located here by W. G. Lewis, of St. Louis. Plans have been under way for some time to secure the chapter house, and it is thought little difficulty will be experienced in raising sufficient funds to meet necessary expenses.

An option has been secured on a desirable location, which will cost \$1,000. The commercial club is co-operating with the women backing the movement.

## Tiz-For Sore Feet

Tired, Aching, Swollen, Smelly, Sweaty Feet? Corns, Callouses or Bunions? Use TIZ—It's Sure, Quick and Certain.

You Will Enjoy Using TIZ—The Most Pleasant Remedy You Ever Tried and Moreover It Works.

At last here is instant relief and a lasting permanent remedy for sore feet. No more tired feet. No more aching feet. No more swollen, bad smelling, sweaty feet. No more corns. No more bunions. No more callouses, no matter what ails your feet or what under the sun you've tried without getting relief, just use TIZ.

TIZ is totally unlike anything else for the purpose you ever hear of. It's the only foot remedy ever made which acts on the principal of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

Extortionate prices of undertakers received a judicial black eye in a verdict cutting into the bill of a Chicago "funeral director" on the testimony of W. E. Berry, general manager of the Western Casket & Undertaking Co., the concern which has cut out the middlemen's profits. An undertaker in Kenwood, an aristocratic part of the city, charged \$400 for a casket which he later admitted when called to the witness stand had cost him only \$57.50. His entire bill was \$552. A jury cut his charge down to \$302.50. He admitted that he was paid a commission on his livery charges and a rebate by the cemetery on the grave. He declared that no undertaker could get along on less than 100 per cent profit—he charged 300 per cent. The Chicago Undertakers' association is greatly aroused by this case, its members declaring that a legitimate business, theirs, was menaced with extinction by the big concern with continual business and consequently able to get along on profits of 20 to 25 per cent. The report was that in Chicago \$3,500,000 half of funeral expense could be

### Rock Soup.

"Did you ever eat any rock soup?" asked a visitor from Tennessee on going out to dine with his city cousin. "Can't say that I ever heard of such a soup," replied the other. "Is it a puree or a consommé?" "I don't know what you would call it up here," said the man from Tennessee, "but down home we call it just plain rock soup." "How it is made?" "Well, you take first a large bowl of water. Then you throw in some beef bones, beans, peas, tomatoes, rice, carrots, a little cabbage, potatoes and okra—boll 'em all up together—and I tell you it makes a fine soup." "But what do you get out of the bowl?" "Why, that is what gives the soup its name—rock soup."

**Smallest Watch in the World.**  
The smallest watch in the world is said to be one that once belonged to the late Marquis of Anglesey, whose taste in jewelry was extravagant and bizarre. The size of this watch is just that of a three-penny piece and its minute hand is an eighth of an inch long.—Home Chat.

**Upholstering done right—work guaranteed—McKenzie & Son**

## WHY DO YOU HESITATE?

You have just paid another month's rent and have nothing to show for it, only perhaps, a notice from your landlord to vacate, as the property has been sold. Isn't it a fact you never know one month where you will live the next? It is worth something to own a home and feel secure. You can do this with a small payment down and the balance like rent. We have a choice new cottage of five rooms, modern except furnace, located in Dal-Whi-Mo addition, and a number of other houses any size you want, also well located. Come to our office and let us tell you how we can assist you in owning a home. We know you pay your rent promptly, why not be your own landlord and sole owner?

Land Values Increasing.

Pleasant Hill, Mo., April 5.—Land values have been rapidly increasing in this section of the state lately. The most recent demonstration of the fact is the sale of an 180-acre farm northeast of here by H. A. Jones for \$18,000, or \$100 an acre. J. E. Taylor, of Seneca, Kas., was the purchaser.

Mr. Taylor was here last fall and looked over the farm, but decided he did not care to pay \$100 an acre for it. A few days ago, however, he returned and, on learning that the farm could still be purchased for the same amount as last fall, immediately closed a deal for the place. It is one of the best farms in the county.

chased 1,832 dozen eggs in one day from farmers near here. The average price paid was from 15 to 18 cents a dozen. All kinds of eggs were represented in the collection, including Leghorn eggs, speckled eggs, and, in fact, all varieties, shapes and sizes. Most of the eggs were shipped to St. Louis.

A STEADY DRAIN

Sick Kidneys Weaken the Whole Body—Make You Ill, Languid and Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Great Sedalia cures prove it.

Mrs. L. E. Killian, 504 E. Second St., Sedalia, Mo., says: "For some years my kidneys were disordered and the excess of uric poison in my system caused pain in my back and a stiffness in my joints. My health was far from good and I was unable to derive any benefit from the various remedies I tried. When I read about Doan's Kidney Pills, I procured a box and soon after commencing their use I felt better than I had before in a long time. I can recommend Doan's Kidney Pills highly in return for all they have done for me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### IN KANSAS CITY

VOTERS ARE DECIDING WHO IS TO CONTROL THE MUNICIPALITY.

IT IS OF NATIONAL IMPORTANCE

May Be a Straw to Show How Voters Think on Questions Affecting the Two Great Political Parties.

Kansas City, Mo., April 5.—As a straw to show which way the political wind is blowing, today's municipal election in Kansas City looms up as of national importance. Leaders of both parties are working hard today to bring out the full vote. Kansas City is about evenly divided between republican and democratic voters, and a defeat for the former would

argue, the politicians say, a dissatisfaction with the national trend of the G. O. P. In many quarters the outcome of the battle of ballots will be considered a vote of confidence, or the contrary, in the Taft administration. The democrats carried Kansas City by more than 3,500 votes in the last mayoralty election, and the party candidates are working hard to repeat that victory today.

The election at Kansas City will be of significance to the state at large and will indicate to what extent, if any, here is dissatisfaction in the republican ranks on account of the tariff or state matters. Republican leaders say the result at Kansas City will prove to the country at large that the Sixth district democratic landslide was due to the stay-at-home republicans. They contend republicans in the Sixth district knew beforehand they had no chance to elect Griffith, and that the most they could hope for was to reduce the plurality of Dickinson.

The unprecedented majority for the democrats at Kansas City last fall saved the entire state democratic ticket. Jackson county and Kansas City is practically the only section of the state that returned an increased vote for the democrats.

Confer on Hookworm.

Nashville, Tenn., April 5.—A campaign against the hookworm was inaugurated in Tennessee today when the city and county health officers of the state met here at the call of the state board of health. It is the general opinion of prominent physicians

that the ravages of the hookworm have been exaggerated, although it is admitted that unless proper preventive measures are taken at once the menace may assume alarming proportions. The conference will continue through tomorrow.

**ECZEMA—A GERM DISEASE, CAN NOW BE CURED.**

The Medical profession is all agreed that ECZEMA is a germ disease, but the thing that has baffled them is to find some remedy that will get to the germs and destroy them. Zemo, the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the disease. The whole method of treatment and cure by ZEMO is explained in an interesting book on the subject issued by the makers of ZEMO. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff, and all diseases of the skin and scalp. Call at Dan Wilcox's drug store for Booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all diseases of the skin and scalp.

Old New Yorkers to Dine.

New York, April 5.—Gotham now has an old settlers' society and the 800 members are just as cheery about their home town as any native son of California or North Dakota. The Society of Old New Yorkers is the name of the organization, which will hold its annual banquet tonight. The object of the body is to bring together old residents of Manhattan who now live in Brooklyn, the Bronx, Staten Island and other distant sections of the greater city.

## SALE OF IMPORTS

UNCLE SAM TODAY PUTS UP UNCLAIMED GOODS AT CUSTOM HOUSE.

IS GREAT VARIETY OF GOODS

One Is An Oil Painting Sent to the Widow of Cornelius Vanderbilt, Which She Refused to Take Out.

New York, April 5.—Uncle Sam raised the red flag over the appraisers' warehouse today and hundreds of eager bargain hunters of both sexes and all ages and conditions responded to the lure of the auctioneer's siren call. The auction is the semi-annual one of seized, unclaimed and abandoned merchandise remaining in the custody of the customs officials, and will continue until the 764 lots in the catalogue have been disposed of.

As usual, the offerings are diversified and include nearly every article mentioned in the Payne tariff law. Many of the articles to be sold were sent to the persons whose addresses they bear without the order or knowledge of the consignee. Such goods are seldom accepted, and the government rids itself of these incumbrances by semi-annual public auctions.

A painting addressed to "Allice G. Vanderbilt, widow of Cornelius Vanderbilt, No. 1 West 57th street, New York City," enclosed in a gilt frame, is done in oil and depicts a child reclining on a sofa, with a cat and a dog crouched at the foot of the divan. The sofa is fringed with lace. The lace is brought out well in the picture and the coloring of the canvas is good, with the exception of a dab of some kind on the child's face.

The appraised foreign value of the picture at the date of exportation is stated to be \$33 and its domestic or American value when examined was \$30. It is understood that a struggling American painter abroad shipped the canvas to Mrs. Vanderbilt with a letter setting forth his needs and a request that she accept the work and remit to him such a sum as she saw fit. Mrs. Vanderbilt declined to have anything to do with the importation. The catalogue contains many similar cases.

Two of the largest single lots have to do with apple waste for rectifying spirits or manufacturing vinegar. One lot comprises 126 barrels or 22,789 pounds, while the other consists of 157 barrels of 29,143 pounds. The home value of the apple waste is stated to be \$1,037.

If You Had Any Idea

How much those pictures you have hid away would add to the appearance of your home if we framed them, and how little the cost, you would do it now. All that's new in pictures and mouldings.—Sedalia Undertaking Co., 120 Ohio street.

Southwest Threshermen.

Wichita, Kas., April 5.—Optimistic at the prospects of good crops and a consequent profitable season, the members of the Threshers' Association of the Southwest gathered today for the annual session. Three days will be spent in talking over business matters, and, as a windup to the hospitality of the Peerless Princess, the visitors will be given a big barbecue on Thursday.

### CASTAWAY IN ALASKA

Experience Was Like a Nightmare, but Finally Found Harbor.

Valdez, Alaska, April 5.—The mail steamship Dora arrived from Unalaska yesterday, bringing Charles Burns, the last member of the boat crew that left the camp of the castaways of the steamship Farralon at Iliamna Bay, Cook Inlet, after the Farralon had gone on the rocks January 5.

Burns refused to accompany the remainder of the crew when they left Kadguyak bay to cross Shelikof strait to Kodiak island, saying that he would try to reach Cold Bay on the Aleutian peninsula, and catch the Dora when she made her regular call there.

Burns set out alone in a little open dory, with a small quantity of dried salmon for food, and headed southwesterly, skirting the coast. His supply of salmon became exhausted, and he rowed his craft a whole day without food, the bleak shore offering him no inducement to land.

Finally Burns sighted a prospector's cabin and made a landing. In the cabin was a shotgun and ammunition. He shot a number of wild ducks, cooked them and feasted and rested.

In shooting more ducks the gun was accidentally discharged, tearing off a finger and otherwise mutilating his hand. The wound bled profusely and Burns could not stop the bleeding. He rushed off in his dory and rowed twenty miles, the blood continuing to flow. Burns landed and camped.

While he slept, exhausted from the loss of blood, the tide carried away his boat and the cooked ducks that were in it. Weak and hungry, Burns started on foot through the snow for Katmai. He arrived within sight of the town, but could not drag himself further, and went into camp. The next day he reached Katmai, where his wounds were dressed.

## I will give you a Magic Cup---with beauty in it.

Do you believe in face creams?

You know you do—the good kind. But why do even the best of them sometimes fail?

Because outward applications alone cannot give you new skin, any more than your nail polish can give you new finger nails.

But this BEAUTY CUP of mine, used with CROWN CREAM, will give you a new skin. Yes, truly, I mean just that.

Listen, every tiny blood vessel should be a pulsating fountain of health and beauty for the skin that covers it. "Should be," I said. But if the delicate veins are clogged, and the countless pores are filled with impurities, the skin grows thick and the complexion muddy. Sores, blotches, black-heads and pimples are nature's own proof of the diseased conditions that come from neglect.

The HARLAN BEAUTY CUP gently massages the skin by its vacuum action, manipulating it so that not only the pores but its under portion is quickened and enriched with new life. The wonderful cleansing and beautifying effect of CROWN CREAM upon the surface is aided by this renewed activity of the blood vessels, so that impurities are dissolved and carried away, while new, fine and healthy tissue is formed, again proving that HEALTH IS BEAUTY.

Nothing else in all the world will get at the root of all the evils underlying lean, blotched and sallow skin. The Harlan Beauty Cup, when used with CROWN CREAM will make a scrawny neck pretty, plump and fair, because it fills and freshens the skin cells, making the skin itself soft, smooth and velvety. It is the only true reviver, restorer and preserver for a dark and flabby skin.

You must try the BEAUTY CUP to know its worth. So for a limited time we will give one free to every purchaser of the famous CROWN CREAM and CROWN COMPLEXION POWDER.

CROWN CREAM consists of the most healing and nourishing ingredients for cellular tissues known to medical science. If you are so unfortunate as to have a rough, dry, oily, pimply, coarse, harsh, pallid, lifeless red complexion—if you suffer from sunburn, windburn, tan, or other skin defects of face, neck, arms, bust or hands, CROWN CREAM, used as directed, will prove a delightful revelation to you. CROWN CREAM is unequalled as a skin food and tissue builder. We absolutely guarantee that it will not cause or promote the growth of hair, and that it will not cause any injurious effects. A single trial will convince you that it is without an equal.

CROWN COMPLEXION POWDER is absolutely free from anything that could injure the skin. The face powder that imparts that velvety softness and removes the disfiguring gloss and perspiration marks from the face. It adheres to the skin and imparts a delightful fragrance and softness without clogging the pores. Its anti-septic qualities preserve and clear the complexion.

Crown Complexion Powder comes in FLESH WHITE, PINK and BRUNETTE tints, and while primarily intended for the face, its application is not limited and will be found well adapted to general toilet use.

### PRIMARY BILLS HEARING

New York Assembly Listens to Supporters of Direct Nominations.

Albany, N. Y., April 5.—A hearing on the various primary bills was held today before the assembly judiciary committee, and was characterized by a rally of the supporters of the direct nominations measure introduced by Senator Hinman and Assemblyman Green, and favored by Gov. Hughes. Now that the Allds investigation is over, primary reform has again come to the front, and the direct nominations bill has been selected as the paramount issue by the supporters of Governor Hughes.

After today's hearing all the influence of the executive and his adherents will be exerted to force a favorable report. Should this be denied by the anti-Hughes combination, the governor's spokesmen will carry the struggle to the floor, and then have determined finally whether the big boss on the second floor of the capitol or the bosslets dominate the party and the legislature.

The governor's plan of campaign, as outlined on high authority, will be the same he inaugurated when he began his "appeals to the people" early in his administration, accompanied by periodical messages to the legislature, insisting upon speedy action.

Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. It is the weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr. Shoop's Restorative, and see how quickly good health will come to you again. Test it and see! Sold by D. I. Wilcox.

### "RUBE" IS MARRIED

Great Pitcher Says His Wife Will  
Make a Man of Him.

St. Louis, April 5.—George Edward ("Rube") Waddell and Miss Madge Maguire, of New Orleans, were married last night at the home of Mr. and Mrs. A. F. Ruppenthal, No. 3144 South Grand avenue, by the Rev. John W. Worsnop, pastor of the Grand Avenue M. E. church.

Waddell and his bride went to Faust's for their wedding supper immediately after the ceremony. They stopped on the way long enough to send a telegram to Mrs. Waddell's parents, Mr. and Mrs. Charles Grassner, of New Orleans, announcing the wedding. The telegram was the first news the bride's relatives had of her intention to marry the pitcher.

Pineapple ice, chocolate and vanilla ice cream at Grammar's Palace of Sweets.

Miss Nellie Holcroft, piano teacher, 1106 W. Fourth St., Bell phone 547.

### WHERE DOLLARS GROW

Remember what they said about the telephone?

Remember what they said about the automobile?

Remember what they said about wireless telegraphy?

They are saying the same thing about AIR-SHIPS, but Paulin got Fifty Thousand Dollars in one week at Los Angeles just showing people that aerial navigation is practical and how practical it really is.

There is a bet in everything. OUR CLAIM: THE EUBANK AIR SHIP IS BEST.

The Kansas City Airship Co. owns the Eubank patents and will erect a factory in Kansas City for the manufacture of aerial craft. The stock is now on the market and will, for a short time, be sold at 25 cents the share of a par value of \$1.00.

THE PRICE WILL BE ADVANCED

This stock at one-fourth its value offers a splendid opportunity to either the large or small investor and is worth investigating.

Write for particulars.

**KANSAS CITY AIRSHIP CO.**

### PEOPLE'S PULPIT

(Continued from Page 2.)

anchor and who would make progress in their study of the Word and be co-laborers with God in the gathering of the elect, need to see that the elect only are now called to be heirs of the kingdom for which we pray, "Thy kingdom come." They need to see that the kingdom is God's provision for the future blessing of the non-elect. They need to see that the Bible does not teach, as many of them suppose, that the saints are called of God to sit in the heavenly balcony and look over at the non-elect and hear their cries.

Next let us note that the Millennium itself is a necessity for the world, according to the statistics of the world-wise. Many college professors and D. D.s are inclined to speak glibly of the second coming of Christ being far in the future—"fifty thousand years yet," say some. But evidently these learned gentlemen have not used their educational advantages in connection with such statements. Any school boy can figure up what the population of the world would be 1000 years from now, taking the present population as per the census at sixteen hundred millions and the ratio of increase as shown by the census reports at 8 per cent in ten years. The total would show 3,375,325,000,000 population for the year 2900 A. D.—more than 2,000 for each person now living.

What would humanity do if the earth were crowded to that extent? Where would the necessary fuel, food and clothing be found? Computing all the inhabitable portions of the earth at twenty-five million square miles or sixteen billion acres would give but one acre for the support of 210 people, or less than five square yards each. At the close of a second such period, 3,300 A. D., at the same rate, there would be ten persons for each square foot of standing room. In other words, they would stand fifteen deep on each other's heads. What shall we think of the wisdom that tells us the Millennium is fifty thousand years off? The answer is found in Isaiah's prophecy (xxix, 14).

Are we asked how the Millennium if at once introduced would avert the difficulties of the first statement, two hundred and ten people for each acre of the inhabitable earth? We reply that the Scriptures clearly intimate that the rapid increase of our race is associated with man's fallen condition; as our Creator declared to Mother Eve after her disobedience, "I will greatly multiply thy sorrows and thy conception" (Genesis iii, 10).

**The Earth Shall Yield Her Increase.**  
The Scriptures also intimate that with the return of humanity toward perfection the average increase will be less, and that eventually the human family will come to the condition where there will be neither marrying nor giving in marriage, and where sex conditions will be lost in a uniform standard of humanity embodying the qualities displayed at present in the two sexes.

Further, God's promise for the Millennium is that under His blessing the earth will yield her increase and the waste places be reclaimed, springs breaking forth in deserts. Furthermore, recognizing the Divine power in connection with the blessing, we can readily see how vast continents can be raised in the Atlantic and Pacific oceans. But aside from these miracles, which properly enough could accompany the Millennium kingdom of Christ, what can the world which ignores the Bible expect? In other words, what shall they expect who claim that the present order of things is to continue, saying: "All things continue as they were from the beginning of the world." (II Peter iii, 4.)

Some may inquire, What about the millions who have died? We reply that the world has been only gradually working up to its present dense population. The people living in the world for the past six thousand years, according to what we believe are trustworthy evidences, would number altogether about twenty thousand millions, but more than twice that number could be buried in the state of Texas in separate graves, and more than eight times that number could find standing room in Texas, as a school boy with his pencil could readily demonstrate.

But we need not look a thousand years ahead. The world will find itself in great trouble very shortly, unless the Millennium be ushered in. Already there is a shortage of timber. What will be the condition of things 100 years from now? Already our capitalists are buying up the coal deposits on speculation, realizing that its rapid consumption is making it more valuable every year. Already geologists are calculating the number of tons of coal not yet mined and telling us that with the present average of increase in the consumption of coal the entire supply of the world will be exhausted in less than 200 years. What will be the price of coal as the vanishing point is neared? and what will mankind do without it and without wood for fuel, unless the Mil-

## Free Sample Digests What Stomach Couldn't

When a person finds himself suffering from chronic indigestion, there is just one of two things to do: Discontinue the use of food almost entirely or obtain something that will digest the food for you until your stomach muscles are in working order again.

It is possible to obtain a remedy that will digest food even when the stomach can't, and we can obtain the word of many reputable people to prove it. Since indigestion is usually complicated with constipation and liver trouble it is necessary to get a remedy that has laxative as well as digestive properties, and which at the same time contains ingredients that will tone and strengthen the stomach and bowel muscles. Such a remedy, according to the testimony of people for a quarter of a century, is Dr. Caldwell's Syrup Pepsin, which can be obtained of any druggist at fifty cents or one dollar a bottle, as it comes in both sizes. But if you are one who has never used this grand remedy, and you would like to make a test of it before buying of your druggist, then send your name and address to Dr. Caldwell and he will gladly send you a free sample bottle for trial. In this

way thousands of people have been brought to use it.

You cannot obtain a better or more reliable remedy for general family use as it is very curative in constipation of the most stubborn kind, in indigestion, liver trouble, sour stomach, sick headache and other troubles caused by disorders of the stomach, liver or bowels. Thousands of families like that of Mr. Frank Connor of 108 State street, Madison, Wis., and Mrs. Virginia Cunningham of Weir, Miss., no longer use the ordinary "dyspepsia cures" for indigestion, nor cathartic pills or salts for constipation, but they get Dr. Caldwell's Syrup Pepsin, which is truer and more genuine, milder and more pleasant, and yet thoroughly effective. Try it and see the good results you will obtain.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address Dr. W. E. Bard, R. 505 Caldwell building, Monticello, Ill.

W. E. BARD DRUG CO.

lennium comes promptly with its miraculous provisions? The taking of fuel from our atmosphere and from water by methods which will no doubt be simple, when mankind comes to understand them fully, but which at present are so expensive as to be of little service.

Other scientists men have been studying the increase of insanity and telling us that increase in this direction is terrific. Some have estimated that in less than two hundred years the entire world, at the present rate, will be insane. How opportune it would be for the Millennium kingdom of the Great Life Giver to be ushered in, with its uplifting influences, mental, moral and physical?

Last but not least, the combinations of wisdom and selfishness in our day, known as unions and trusts, is so influential that prices in every commodity are rising. Yet the trusts are not quite ripe yet. The managers have not fully learned their power. Gradually the upper and the nether millstones will be apparently drawn closer together, while necessity will force the masses through the hopper. How great would those "giants" become within another century or so, if the Millennium be not ushered in in the interim to "lift the poor and needy out of the dunghill"—using the Scriptural figure of the work of the kingdom? Psalm cxlii, 7.)

My friends, let us stick to the Bible and its Millennial theory. So doing we will be guided by the wisdom on high and enabled to pray with the spirit and with the understanding also, "Thy kingdom come; thy will be done on earth as it is done in heaven," and to labor intelligently as co-workers with God! Let us prepare as pupils in the school of Christ for the great work whereunto God has called us by the Gospel Message.

"Even so, come, Lord Jesus; come quickly."

"Thy kingdom come, and thy will be done on earth, even as in heaven."

**The Price Question**—Quality, accuracy, skill—all are more important than Price in the matter of prescription filling. We see to the Rightness of a prescription first—then we make our charges as reasonable as possible—you can't afford to pay less, anywhere. Both phones 14.

—Arlington Pharmacy.

### Bant Boys Busy.

Birch Tree, Mo., April 5.—Several members of the band which flourished here a few years ago are making an effort to start another band, and the indications are that they will be successful. The business men are taking considerable interest in the matter and will probably give the band good financial support, as it will be an excellent advertisement for the town.

It is hoped that the band will be in shape to give regular concerts this summer.

### A DEAD STOMACH

Of What Use Is It to Anyone? Thousands? yes hundreds of thousands of people throughout America are taking the slow death treatment daily.

They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature.

This is no sensational statement; it is a startling fact, the truth of which any honorable physician will not deny.

These thousands of people are swallowing daily huge quantities of pepsin and other digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

In other words, they are taking from the stomach the work that nature intended it should do, and are also refusing it the only chance for exercise it has.

Mi-na stomach tablets relieve distressed stomach in five minutes; they do more. Taken regularly for a few weeks they build up the run down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach and headache will go.

Mi-na stomach tablets are sold by druggists everywhere and by W. E. Bard, who guarantees them. 50 cents a box.

## HYOMEI

Cures catarrh or money back. Just breathe it in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

### REMOVED

Dr. C. H. Weaver, from Tillberry hall, Fifth and Engineer streets, to Odd Fellows' building, formerly the Hoffman building, corner Fifth and Ohio streets; rooms 205 and 206.

A. M. Hughes, expert piano tuner. Leave orders at Perry's Music Store.

### Died at 11 O'clock Last Night.

Mrs. Elza Dowdy, residing at 1714 South Prospect avenue, died at 11 o'clock last night at her home, following a brief illness with pneumonia. She would have been 17 years of age had she lived until April 11. Funeral services will be conducted tomorrow and burial will be in Crown Hill cemetery.

## S.S.S. NATURE'S CURE FOR BLOOD POISON

Not only its proven ability to cure, but its absolute safety as a remedy has made S. S. S. the most desirable of all medicines for the treatment of Contagious Blood Poison. S. S. S. is made entirely of roots, herbs and bark of the forests and fields. It does not contain a particle of mercury, potash or any other harmful mineral to injure the delicate parts of the system, impair the digestion, corrode and irritate the lining of the stomach, or in any other way injure the health. It is Nature's blood purifier, harmless in its action and certain in its good results. S. S. S. removes the poison from the circulation, enriches the blood, and safely and surely cures Contagious Blood Poison. It builds up and strengthens the system by its fine tonic effects and leaves the patient not only cured of the disease, but stronger and in better health in every way. If you are suffering with Contagious Blood Poison S. S. S. is your most certain reliance, an honest medicine, and because of its vegetable purity, a safe treatment for any one. We have a special book on home treatment which explains fully the different stages of the disease, also suggestions that will be helpful to you in the treatment of your case. We will be glad to send this book together with any medical advice desired, free to all who write.

## NEWS OF THE RAIL

HOW A RAILROAD MEETS EMERGENCIES IN THE PRESENT AGE.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Several persons who happened to be in Pittsburg a few Sundays ago witnessed an incident which threw a very interesting side light on the almost limitless possibilities of high-class railroad service under modern conditions.

Two of the party—a newspaper man and a well known Chicago broker—happened to be in conversation with one of the traffic officials of the Pennsylvania. Suddenly there entered on the scene a wild-eyed individual who announced himself, between gasps, as the special representative of a theatrical company which had missed train connections for Chicago, but which had to be in that city in time for an evening performance.

The traffic man asked two or three leading questions in about the same number of seconds, got a complete grasp of the situation, and arranged for a special train in another instant.

Within half an hour a special train consisting of three baggage cars, two coaches and two sleepers pulled out of the Pittsburg yards. It carried eighty-six passengers, in addition to all the baggage of the company, and a dining car was added at Fort Wayne.

The two Chicagoans, who had been permitted to travel on the train, were very much impressed with the smoothness and ease with which the whole thing was done. Notwithstanding the presence at the Pittsburg station of four score of excited people, all deamding to know different things at once, the work of making up and loading the train proceeded with the utmost swiftness. The necessary right of way orders were dispatched and there was not a single hitch during the entire run.

It was an example of the marvelous facilities of a modern railroad organization in the matter of meeting unexpected emergencies, which certainly opened the eyes of all who witnessed it.

Officials to Parsons Today.

The special train, carrying Edwin Hawley and other officials of the M., K. & T. over that road on a tour of inspection, which spent last night in Sedalia, left for Parsons, Kas., at 7 o'clock this morning. Supt. N. J. Finney and Roadmaster Arthur Frakes, both of this city, accompanied the party.

Burial of Henry Jones.

The funeral of Henry Jones, a negro extra gang laborer from Atoka, Ok., who died from a cancer at the M., K. & T. railway hospital Monday, was held last afternoon. Burial was in the hospital grounds at Crown Hill cemetery.

Automatic Couplers.

Today is home-seekers' day on the M., K. & T. and Missouri Pacific railways.

O. F. Fowler, chief train dispatcher for the M., K. & T., resumed work this morning, after a brief layoff.

L. W. Mosher, commercial agent for the M., K. & T., left this morning for a business visit at Jefferson City. Edward Jagles, an M., K. & T. switchman, and wife, left this morning for a visit with relatives at Kansas City.

M., K. & T. train No. 2 was run in

two sections today, the first section being engine No. 345, running "light" to Franklin Junction.

L. C. Redmond, assistant general foreman of the Missouri Pacific telegraph department, left this morning for a business visit at points in Kansas.

C. M. Hunt, trainmaster for the Missouri Pacific, made a business visit at Pleasant Hill today, and J. M. Chandler, roadmaster, went to Independence.

L. M. Riley, a Missouri Pacific passenger-brakeman on trains Nos. 37 and 38, reported or work this morning, after a brief lay off, visiting at Jefferson City.

There is a vacancy for one passenger brakeman with Missouri Pacific conductor C. E. Holden, in place of S. S. Hutton, which must be filled not later than April 13.

G. H. Gibson, a Missouri Pacific passenger conductor, was sent to St. Louis in charge of train No. 22 this morning, relieving Conductor Edward Williams, who was taken ill on the run.

C. C. Clayton and H. L. White, the former traveling accountant for the Missouri Pacific, and the latter route agent for the Pacific Express Co., returned this morning from a business visit on the Lexington branch.

## HE IS A FIGHTER

THOMAS F. WALSH, WHO IS NOW BATTLING AGAINST THE DEATH ANGEL.

HE HAS DE D LOADS OF MONEY

Began Life in Most Humble Circumstances, but Has Kept Accumulating All His Life—Has Finest House in America.

Washington, April 5.—Ever since Thomas F. Walsh first saw the light of this beautiful world he has been fighting, more or less. In childhood it was a fight for a bit of learning; approaching manhood he had to struggle for a chance, and then when wealth came his way he fought for social recognition—not so much for himself as for the madam and their only daughter. Needless to say that he won in every bout. But in the last struggle the outcome is not so certain, for now Walsh is fighting the most desperate game of his life—for his life. For some months his health has been failing and after taking different cures and trying various climates he has returned to his palatial Washington home—he has others in Newport and Paris—to settle his affairs and spend the rest of his days near his only grandson, who is famous as the \$25,000,000 baby.

Half a dozen years ago Walsh was only known as a rough and ready rich man of the west. People figured his millions in bulk, but he wasn't known in society. He was too unashamed of the fact that he was born in Tipperary in 1851, and came to this country to get work as a wheelwright when he was 19 years old. Because he couldn't find it he worked with a gang of street laborers in order to pay his board bills. By and by he went west, went into hotel keeping, and grubstaked prospectors on the side. No one knows how many he staked who never came back—but enough did come back to make him rich.

Then—having married and having a beautiful daughter—he thought to get into society. Society laughed. He went to Paris as the American commissioner at the world's fair, and gave a series of entertainments that left Europe's aristocracy gasping. It got to be a byword that if one couldn't find the duke anywhere else he would be at Walsh's sideboard snatching a snack. When he returned to this side with his family all of America's blue-bloods were giving each other the elbow on the dock. All were anxious to grasp the hand of their dear friend, Tom Walsh. Walsh grinned—but he let 'em grasp. His home in Washington is called by some the finest house in America. Its size is shown by the fact that it contains four huge pipe organs—so far apart that not a note from one can penetrate the zone of any of the others. His sideboard contains every variety of super-excellent drinkable known to man, and unwary persons are apt to leave a Walsh banquet tossing in a heavy sea. Every minister plenipotentiary in Washington is

## Dry Shampoo Better Than Soap and Water

(From the New York Graphic)  
"Once in two or three months is as often as it is advisable to wash the hair with soap and water," says Clariel Montague, the beauty expert. The rubbing, drying and rinsing, together with the action of the alkali in the soap—especially the alkali—tend to make the hair coarse, hard and brittle. Too much moisture causes the hair to become thin and lose its color.

"A simple and satisfactory dry shampoo is made by mixing four ounces of powdered orris root with four ounces of theroc. Sprinkle a tablespoonful of this mixture on the head and brush thoroughly through the hair once or twice a week. That is all there is to it. This treatment not only keeps the hair light, fluffy and lustrous, but theroc produces the growth of new hair."

Gen. Knox's Carriage.

Frank B. Hills, first selectman of Thomaston, hitched up in front of the Rockland postoffice a day or two ago with a "pedigreed carriage"—the one in which Washington's first secretary of war used to ride. The carriage was built in Boston 130 years ago and was the private carriage of Maj. Gen. Henry Knox, secretary under the first president, and not only is it one of the most historic vehicles in the United States, but it is also probably the oldest able bodied private carriage in existence on the continent. In spite of its 130 years, a quaint substantial vehicle it is. Gen. Knox no doubt had it made, just as history tells it, in Boston, for there were no carriage builders in Thomaston in those early days, and as Gen. Knox operated a packet line of small sailing vessels between Boston and Thomaston it would have been easy for him to have the carriage brought to Thomaston.

## NINETEEN COUNTIES DRY

More Than 300 Saloons Put Out of Business in Michigan.

Detroit, Mich., April 5.—More than 300 saloons were voted out of business by the people of nineteen Michigan counties yesterday. Of the thirty-six counties where local option elections were held the only county not heard from is Osceola, which is reported to possess only one saloon, so the returns are fairly complete.

Nineteen counties voted dry and sixteen voted wet. Of the ten that had been dry for two years Oakland and Wexford voted to change to the wet column, while Barry, Clinton, Midland, Missaukee, Osceola, Oceana, St. Joseph and Van Buren voted to remain dry.

Of the remaining counties where the question of prohibiting the manufacture of liquor and liquor traffic was submitted, the vote was as follows:

Counties that voted wet—Dickinson, Gogebie, Alger, Chippewa, Kent, Lake, Leelanau, Luce, Macinac, Marquette, Mason, Emmet, Schoolcraft and St. Clair.

Counties that voted dry—Antrim, Arenac, Cass, Gladwin, Ingham, Lapeer, Lenawee, Presque Isle, Ogemaw, Otsego and Shiawassee.

Lewance county, containing the city of Adrian, has had sixty-five saloons; Shiawassee county, containing the city of Owosso, fifty saloons, and Ingham, containing the capital city of Lansing, fifty-four saloons.

At Grand Rapids, Mayor George E. Ellis, republican, was re-elected for a third term, by a majority of 1500.

Gustave S. Hife, democrat, was elected mayor of Bay City, and Charles Farrell, republican, at Kalamazoo.

A tickling or dry cough can be quickly loosened with Dr. Shoop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by D. I. Wilcox.

HIGHLEYMAN

Phone 78. 315 Ohio Street.

## Saloon Thought No. 358

Voted 300 Saloons Out.

Michigan had a fight against her saloons yesterday, and the people decided to close THREE HUNDRED BARROOMS. Nineteen counties voted dry and sixteen wet. Lewance county contained sixty-five saloons; another county had fifty and another in which is the capital city, Lansing, had fifty-four, and these were all knocked out.

Many states are now getting their eyes open to the enormous waste of the open saloon, and are voting to put them out. It is merely a step in civilization, and don't ever dream that there will be a "reaction" as the Model License League is so hopefully looking for, this is no more probable than there will be a reaction on slavery or public schools, or the ox cart taking the place of the Pullman car.

## HAPPY RESIDENT OF THE SUNFLOWER STATE

Mrs. Helen A. Mauer, whose likeness is reproduced herewith, is a resident of Hays City, Kas., and about the happiest woman in the Sunflower state. Mrs. Mauer has recently regained her health after a long period of illness, in appreciation of which she has given a statement for publication, as follows:

"For eight years I suffered from stomach and kidney trouble, from

which I was unable to obtain relief. I treated with several doctors and tried many advertised remedies, with disappointing results. My health declined until I became a physical wreck, with my nervous system broken down. "My husband, becoming impressed with an advertisement of the Cooper Remedies, proposed that I try Cooper's New Discovery. I had lost faith in everything, but consented to do so. Much to my surprise it helped me, and I began to improve from the day I took the first dose.

"Now, after having taken the full treatment, I feel like a different woman—no more headaches, backache or dizziness. I am strong and well. That tired feeling is completely gone, and a pain I had in my stomach for the past six months has disappeared. Cooper's New Discovery is simply wonderful."

We sell Cooper's New Discovery. Thousands of grateful people throughout the country have testified to its marvelous curative properties. Let us explain to you the nature of this remarkable stomach preparation.—W. E. Bard Drug Co.
